

Premium Disinfection With Uncompromised Care

ABOUT COMPANY

We, Disinfect Sales & Marketing LLP, a trusted provider of hospital disinfection solutions & medical device sanitization products in all over India. We deliver high-quality, research-backed disinfectants for maximum protection ensuring Safety & Compliance with highest healthcare standards.

KEY PRODUCT & SERVICES

Our flagship brand, Disintox®, offers Chlorine Dioxide (ClO₂) Tablets a powerful, safe, and eco-friendly disinfectant. It enhances infection control in all three mediums - Surface, Air and Water Disinfection. Our second brand Chlorine Dioxide (ClO₂Gel), is typically an innovation for Air Purification technology.

USP

Effective at lower concentration (100 ppm)

Non-Corrosive

Do's and Don'ts

RISK LEVEL EFFECTIVENESS

Risk classification	Location	Disinfection level required	PPM	Contact Time	
				Dirty condition	Clean condition
High risk	• All ICUs	High	100 - 200 or above	10 mins	5 mins
	• Casualty treatment area	High	100 - 200 or above	10 mins	5 mins
	• Haemodialysis unit	High	100 - 200 or above	10 mins	5 mins
	• Labour room	High	100 - 200 or above	10 mins	5 mins
	• Operation theatre	High	100 - 200 or above	10 mins	5 mins
	• Procedure rooms	High	100 - 200 or above	10 mins	5 mins
	• Respiratory therapy room/area	High	100 - 200 or above	10 mins	5 mins
Medium risk	• Burn ward	High	100 or above	10 mins	5 mins
	• CSSD	High	100 or above	10 mins	5 mins
	• Laboratory	High	100 or above	10 mins	5 mins
	• General ward	High	100 or above	10 mins	5 mins
	• Patient rooms	High	100 or above	10 mins	5 mins
	(Patient on isolation precautions)		100 or above	10 mins	5 mins
	• Soiled linen collection area	High	100 or above	10 mins	5 mins
Low risk	• Echocardiography (No patients with respiratory infection)"	Low	100	10 mins	5 mins
	• General public areas	Low	100	10 mins	5 mins
	• Offices	Low	100	10 mins	5 mins
	• Patient rooms	Low	100	10 mins	5 mins
	(Patient not on isolation precautions)				
	• Pharmacy	Low	100	10 mins	5 mins
	• Physiotherapy	Low	100	10 mins	5 mins
	• Radiology	Low	100	10 mins	5 mins
	• Reception area	Low	100	10 mins	5 mins
